

Internal Auditor

Internal Audit

Henley on Thames, Oxfordshire

The primary focus of this role is to be responsible for conducting internal audits and projects in the UK and Continental Europe. The audit work will require obtaining an understanding of the applicable business areas under review, effectively planning, performing the audit work and documenting the results.

Job Description

- Evaluating and documenting the design of key controls
- Developing audit programs to guide test work
- Executing audit testing and completing work papers of high quality in accordance with Internal Audit Department and professional standards
- Documenting internal control weaknesses or inefficiencies
- Conducting exit conferences with business area management
- Drafting and finalizing internal audit reports to senior management
- Managing resources within the allotted timeframes
- Executing special projects as requested

Experience, Knowledge & Qualifications required for role

- Minimum of 2 years internal auditing or audit-related experience essential
- Previous experience in the asset management, securities and/or banking industries would be a plus
- Educated to degree level
- Professional accounting or auditing designation (e.g., ACA, ACCA, MIIA/CIA, CPA) or to have substantially completed the requirements for such a designation while actively pursuing the completion of such designation preferred
- Ability to communicate clearly with persons at a wide range of levels on sensitive matters
- Ability to identify and thoroughly investigate reporting discrepancies, and determine the appropriate course of action (either resolution or higher level review)
- Ability to handle confidential information
